Resignation of John O'Nesi as Inspector of Elections for the 11th Ward. Accepted.
Aid. Franklip presented the following resolution, which was adouted viz. Aid. Frankin presented the following resonance, was adopted viz:

Resolved That Joseph South worth be, and is hereby, appointed inspector of Elections for the Third District, Elexanth Ward, to the place of John O Neal, resigned.

Aiderman Dodge presented the following resolution, which was adopted, viz:

Itselfed, That the poll of the First Election District of the Becond Ward be held at No. 131 Falton wreet.

Aide man Smith presented the following resolution, which was adopted, viz.

Reviewd, That the election poil of the Elighth Ward be held to the following places, as follows, viz.—(a) District beld to the following places, as follows, viz.—(a) District 131

Resired. That the election poil of the figure ward of beid is the following places, as follows, v.z.—is: District Mercer House, corner of Broome and Murcer streets; 2d do. 19 Wooster-at, 3d 185 Apring-at; 4th corner of Dominica and Hiddon-ats (Westerveuts); 3th No. 303 Spring-at.

Aid, Frankin presented the following resolution, viz: Resolved. That the Street Commissioner be, and he is hereby requested to report with B and if there are say hereby requested to report with B and if there are say person or persons in his department who are in the employ of the General Government and receiving pay for said services.

ploy of the General Government and receiving pay for said services.

All Griffin moved to lay the same on the table, which Ald Griffin moved to lay the same on the table, which was carried on a division, viz. Aftir water—Ald Griffin, was carried, on the property of the plantage of the plantage. Ald Wood, Kelly, Miller, Staw, Gook -10. Negative—Ald Wood, Kelly, Smith, Ward, Britten, Delamator, Frankin—7.

Ald Kelly presented the following resol from which was referred to the finance Committee, viz.

Reselved. That the Common Goundi arovide ample and suitable grounds and sundinging for the atthits of this city.

NOTION.

Ald. Dedge moved to reconsider the reference to the Gommittee on Whatves, for of the satisfies of the same was their self-same was their referred to the Committee on France.

on Ald. Wood appealed from the division of the Castr.

The question was then put about the decision of the Chair stand as the judgment of the Stard and the same was carried on a division, viz. "Affirmative-Ald Grillip, Oakley, Chapman, Smith Haws, Miller, Shaw, Chor, Sard, Britton Delamater and Francis—12. Negative-Ald, Wood, Keby, Sail-3.

Keily, Sell—3.

The first resolution appended to raid report was then considered, and which is as follows, viz.

Resolved That the mic of the plant of ground belonging to the Corporation on the north east corner of Sim and White sie to be gravited to the First Division of Now-York State Millis, doing to the plant of the Corporal Connection of the Corporal Connection of the Cornel of Connection Connection Connectio has to be gravied to the First Division of Nos-Fork State Mill is, during the pleasure of the O seman Granal, or un-ill more suitable accommodations are provided for and First Division, and that \$ — be appropriated toward see. In a suitable building to be used exclusively for military

has a standard to strike out of said resolution, the fol-lowing words, "or until mo e suitable accommodations are provided for said First Division". Ald Shaw moved to refer the whole subject back to the Committee, which was lost. The question was then taken on the motion to strike out, which was lost.

The first resolutions was then adopted, and on motion of

which was lost.

The first resolutions was theh adopted, and on motion of Ald. Britton, the blank therein was filled with "STode."

Ald. Britton them moved that the report be referred back to the Committee on Finance to procure estimates for the building contemplated to be encycled by the resolution, which was carried.

Ald. Miller moved that the Board adjourn, which was whereupon the President declared the Board adjourned to meet to-morrow, 12th inst at 5 o'clock, P. M.

The Mechanics' Bank of this City will pay the interest of City Stocks due on the 1st October. The traffic of the Galena and Chicago Road-

which extends into the prairies some forty miles to Elgin, shows a highly satisfactory result la So, tember the receipts were \$14,038 95, against \$4,267 43, abowing an increase of \$9,791 The business of the nine months to let O tober was

It will be seen by an advertisement in another

Ey At Neart Aid Hale — Four Light of personnel Zerks alpert Middle late he man a mile of a personnel design of column that the Southern Middle and Railroad Company reserves to the highest bid account close in other forms of the purpose of extending that Road toward Lase and the first bid account to the highest bid account close in the second cl which must eventually be the great avenue of travel between the East and West. We have heretofore, from the deep interest we take in the subject of internal improvement, kept the readers of The Triume advised of the progress and business of this important link in the chain of roads between New-York and the Mississippl. It is an important road for the City of New-York, as it will with the Chicago and Galena Road, farnish a rapid and direct communication between the Mississippl River and New York, attracting travel from the Southern route by the Ohio River, which travel has a stendency to go to Philadelphia and Baiti' more. With the strong competition between the three cities for the trade of the West, we should use every exertion to secure the necessary facilities for retaining that portion to which new-York is entitled. The security offered for these Bonds is unquestionable, and the ability of the Company to pay the interest punctually is established beyond a peradventure, as the statement of the Company shows that the portion of the Road already in operation yields an iscome ample to protect the entire debt proposed to be created, and this income is daily increasing. The income in August 1850, was \$16,417; Sept. 1850, \$20,480, making \$36,870. These receipts were derived, it must be remem bered, from the Road in its unficished condition with a main line of less than 70 miles in length, to which 50 miles will be added within three months. Notwithstanding the Cholera and the failure of the crops last year, the receipts of the Road for the year ending 31st July, 1e50, were \$102,000. When opened to St Josephs River, It is estimated that

the receipts wid be between \$300,000 erg \$400,000. The mortgage under which the Bonds will be raced has been executed to Shephord Knapp, Esq. of this City.

This mortgage covers the entire length of line of he Company a Hose to Michigan, whether already that bonds to an amount not exceeding \$1,000,000 n all may be issued; of which amount not more then \$400 000 can be issued until after the road then \$100,000 can be issued until after the road shall have been completed to Surges a Prairie, a distance of 117 miles from Lake Erre.) The property thus subtract as accurity character, the road from Morros to Substale, 6 miles in tengo, and a branch of ten miles to Tecumesh, which were built by the State of Michigan as an outley, including buildings, locomotives, cars and equipment of about \$1,300,000. From Hillsdale westerly to Sturges's Prefrie a distance of 4 miles, the new road is to be opened for use the present fall. On the first division of this work from Hillsdale to Colomater, a distance of 22 miles, the road is ready road is to be opened for use the present fail. On the first division of this work from Hillerian to Colowater, a distance of 22 miles, the road is ready to receive the iron, half of which is stready laid down and the cars are now running upon it. The work upon the division from Colowater of Sunges's Pairle is so far advanced that it will be ready for the iron as soon as the laying of the trans to Colowater can be completed. The iron 58 pounds to the yard has all been provided and a questity sufficient to complete the read nearly to Stunges's has been stready insided in Michigan, and the remainder will be there in ample eason. The main line of the Company's road will then be over 117 miles in reagh, in addition to the Tecumseh Branch of 10 miles.

No other mortgage or him of any kind exists against the new road extending westerry from Hilledale, it in the mortgage executed as accurity for these bonds; not is there any allecting the old portion of the road except that the State of Michigan has a lien upon it to the extent of the portion of purchase money atill owing to the State. This amount is \$275,000, that will be reduced in December next to \$250,000. An amount is a wing to the Company from the stockholders upon assessments

Company from the stockholders upon assessments made and to be made upon the existing stock, more than sufficient to ment the debt of the State. The security efferted for the bonds is therefore a The accurity effected for the bonds is therefore a mortgage lien, and substantially the only lien, upon a road which when complete to the state line of ladders, will have nearly 1.0 miles of main line, besides a branch of 10 miles, and which will have cost including the original outlay by the State, and the relaying the original outlay by the State, and the relaying the present track, about \$2.500,000. About 117 miles of the main line of this road, extending to Stargess Prairie, (making, with the branch, 127 miles of completed road) while finished and in operation as above stated, previous to the first cay of January next, at a total cost of near \$2.00,000. By the terms of the mortgage, to more than \$400,000 of bonds can be issued or contestenced y the Trustee, until after the road shall have reached stargess Prairie.

To show the certainty of this Hond becoming a very valuable propert, we give the following exists ment of the live in which it is an important indic. The New-York and Erie Rairoad will be com-

various charters, and in all under contract to be completed during the year 1851. At Claveland commones the Claveland and Columbus Ratiro 4. cont decline on the quotations of yasterday. At the Second Board the market generally was firm with large sales, aspecially of Harlem, Farmers and Morris. In Governments there is a fair request and the quotations are firm.

For Exchanges there is a moderate domand, and the quotations are as before. Shorling 1014101. France 5.18;45.171.

The Money market continues very easy. Paper continues scarce of good quality and sells at easy rates—6.27 P cent, and some names at 5 P cent. Prime four months paper goes readily at 6 P cent. On call the rate is 5.26 P cent. The Auction paper which has been in such disrepute lately is much better and sold to-day at 11221 P cent. te now in operation to Jonesville, and will, as above stated, be completed and opened for use to Sturges's Prairie the present Fail. By the Spring of 1851, it will have been extended to the St. Joseph's River, and the State line of Indiana. There it will cannot with the Northern Indiana Rairosd, extending to Michigan City, most of the means to insere the construction of which are already secured. West of Michigan City to the State line of Hilmes the construction of the Road has been commenced under an existing charter, and is under contract to be completed within a year from the present time and the only manning link of 14 miles, from the east noe of Hilmes to Chicago, will be constructed by a Company organized under the General Rairogé Liu of that State. From Chicago, westerly, the Galeon and Chicago is now in operation to Jonesville, and will, as above ized suder the General Hallood Law of that State. From Chicago, westerly, the Galeon and Onicago Union Hallonad is built and in successful operation for 12 miles, and is to be immediately extended 54 miles further, the iron being provided therefor already, and will doubtless soon be carried forward to Galeona. Here is a continuous chain of railrosis reaching from the Atlantic to the Mississippi, a distance of nearly 1,200 miles, the various links of which steep of far advanced, as to remier morally certain the completion of the entire line within the next two years.

two years.

In addition to the foregoing considerations, which bear more directly upon the sufficiency of the security, the guarantees under which these bon sare issued render them particularly safe and desirable. sa an investment. They are issued by virture of a special act, authorizing the creation of the mort-gage security, and providing that the bonds may be add or negotiated at a discount, either solain or without its State of Michigan, and that for whatever price they may be sold, they shall be valid and binding as a accurity for the amount of the par value of the bonds. This is deemed an important provision and official discount. provision, as it effectually precindes the agrication of air questions of usury. The mortgage empowers the Frest e, in case of failure to pay the principal or interest of the bonds, to take possession of the road, and receive its carnings, or to sell it on due rotice, and apply the proceeds to the extincular mental the delay. aushment of the debt. The bonds are in sums of Strong and the debt the books are in sums of \$1,000 each—payable at the Mechanics Bank, in the city of New York, Nov 1, 1800, with interest at seven per cent, per anoum, payable semeannually, in the city of New York. Interest warrants

cr coupons are assached to the bonds.

Four hundred thousand do lars of the bonds are now offered for sale. Sealed proposals for any four bundred thousand do large of the boilds are now offered for sale. Sealed proposals for any amount not less than \$1,000, will be received until the 15th day of November next. Proposals may be addressed to A. C. Litchfied, Transfer, 62 Wallet New-York, or to Mesers. Winshow, I when A. Op 52 Wallet, and indorsed a Proposals for

Tall OW—We notice sales to 100 the at 71c, cach. The market is firm

OILS—While is 50 the for to ected, with sales 100 or 100 big. Itrased it quite doll, with sales 100 or 5000 gets at 715 50c, the latter in bbis.

HAY—The sales for the last three days reach 3,000 bales at 47 bb. The inchestop is downward.

PHILT—Pre-sale went of at 2 50 for boxes, 150 for the vest and 65c for coariers. The whole cargo sold, about 11,000 has sold 4,000 or 5000 fractions.

LEAD—A sale of 170 tune Sponish was made at 3.871, each for expert, short, price. The market is firm.

WHISKY—Is weak, with sales 150 bbls at 37c, for Obto and Prisco.

By Telegraph. Markets ... BALTIMORE, Oct 11. The news by the Europa has had but little effect on the markets in the city, 1,20 bb/s. Howard street Floors, were sold at \$162, red Wheat is worth \$1.02. Mess Posk set at \$11.12. Correct is quickend Sucak is firm.

Markets.... Burrano, Out II
The receipts since our last have been: FLOOR, Alecable; Wirker, 3,500 bush; Corn, 1000 bush. Western FLOOR is in fair de mand, market without material change; also have been 2000 bids at 357.45. There is not much inquiry for Wirelet, 3,300 bushels sold at 74c for Wirelet and the for Storo Bid. Corn Sector so settle bur we collect to change in prices. Small spice of Ohio Whisky at 25; Frights are unchanged.

Markets ... Albany, Oct II

The Receipts since our inst have been —Froug, 5200 kbb; Wheat, 5,000 bush, Cons, 7,500 bush, Zaslev, II(to bush Four is steady, but not very active Wheat, from with a good miling inquiry, the sales have been 7,000 bush, at 110,2 Hic for Greese, and 10th for Ohio.
